TAREA / homework

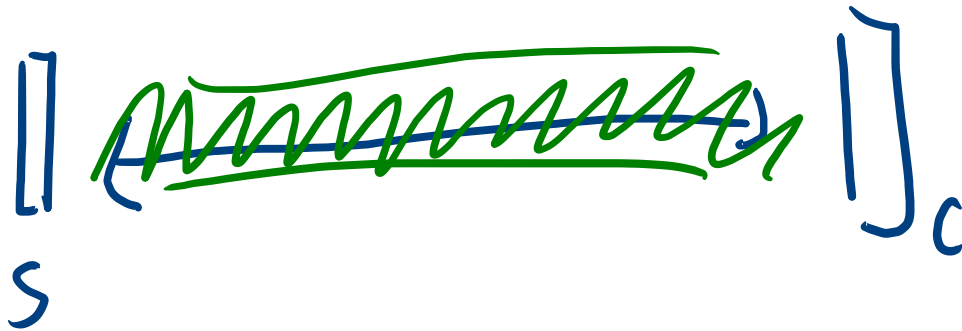

~ Comunicación 'Segura' TLS.

Comunicación segura o encriptada (SSL / TLS)

generar los archivos de encriptación

The diagram consists of a red rectangular box on the left. To its right, the text 'generar los archivos de encriptación' is written in red. Below this text is a blue rectangular box divided into two sections. The left section is labeled 'cert' and the right section is labeled 'pub' in red. A red checkmark is placed above the 'cert' section.

The diagram shows a blue box on the left labeled 'S' and a blue box on the right labeled 'C'. Between them is a green wavy line representing a message, which is crossed out by a blue line, indicating encryption.

- generar los archivos de encriptación o como incluir en un script

commands bin → X modules
lib.rs

DateTime (Utc) → Timestamp.
